

Everybody's Sad

BODEGA

Everybody's sad at the top of the Billboard
Everybody's sad at the Chase bank gala
So many Frank Oceans down in the valley
Success always comes with depression

Cause everybody's sad
Yeah everybody's sad like you
Everybody's sad
Your heroes heartbroken like you
They're just like you

Everyone's sad at the top of the Billboard
Everybody streams sad furniture tracks
Top forty asks 'Where is my Klonopin?'
And the underground sound: folk rock depressed

Cause everybody's sad
Yeah everybody's sad like you
Everybody's sad
Oppressors heartbroken like you
Darth Vader's sad too

Beautiful famous sad alone
Studying the metrics on new phones
Piping fade trades into their headphones
At the top of the throne
Relating
Thrown
Beautiful fat and sad alone
Studying the metrics on new phone
Piping syntax into my headphones
On my toilet throne
Relate cause I'm thrown
When everybody's sad
Yeah everybody's sad like you
