

No Blade Of Grass

BODEGA

No blade of grass shall stand this strain
No second class shall board on this plane
The air is gas, your air is pass
No blade of grass shall stand with this strain

Every single trailer for a film I've seen this week
It repeats, it's the end of the world
Every time I click on the screen
Apocalypse dreams for end of the world

They say it's all about the future (Are you preparing?)
It's not about right now (You should be scared)
One of these days and it won't be long, gonna wish you had a holy cow (So click now)
Gonna wish you had a holy cow (Click, click now)

No blade of grass shall stand this strain
No second class shall board on this plane
Your air is pass, no blade of grass
No blade of grass shall stand with this strain

Every single trailer for a film I've seen this week
It repeats, it's the end of the world
And every mind's a Saint Augustine
Apocalypse dreams for end of the world

They say it's all about the future (Are you preparing?)
It's not about right now (You should be scared)
One of these days and it won't be long, gonna wish you had a holy cow (So click now)
Gonna wish you had a holy cow (Click, click now)

Inequality, it's just natural
We need strength and discipline
To fight against the natural

Inequality, it's just natural

I spy with my little eye contradiction in your way
No, that won't fly, no, that won't fly
I spy with my little eye contradiction in your way
No, that won't fly, no, that won't fly

Rockaway Beach, next week, trash heap
5th Avenue, we'll want to loot like it used to
Catastrophe, calamity, market opportunity
Power uses tragedy to stock up on annuity
Chrysler Building's peak, next week, trash heap
5th Avenue, we'll want to loot like it used to
Catastrophe, calamity, market opportunity
Power uses tragedy to stock up on annuity

'Cause I spy with my little eye contradiction in your way

No, that won't fly, no, that won't fly
I spy with my little eye contradiction in your way
No, that won't fly, no, that won't fly

We built a weapon to destroy entire planets (Ai-yai)
