

# Live Forever

## Body Count

I've fuckin' made up my mind  
I'm not gonna fuckin' die  
I refuse to go  
Fuck that  
I won't die

They have tried to shoot me  
They have tried to starve me  
They have tried to infect me  
With viruses of many kinds  
They have failed to destroy me  
They have failed to eliminate me  
They have failed to dispatch me  
I've decided I will never die

Forever  
Forever  
And ever  
And ever  
Forever  
I'm gonna live  
Forever  
Forever  
And ever  
Forever  
I'm gonna live forever

I've fuckin' made up my mind  
I'm not gonna fuckin' die  
I refuse to go  
Fuck that  
I will not die

I refuse to give up  
I refuse to lay down  
I refuse to shut up  
My voice will live forever  
You can try to trap me  
You can try to stop me  
You can try to kill me  
I've chosen immortality

This moment crystal clear to me  
When the alpha becomes omega  
I have chosen immortality  
My legacy inside  
I have chosen immortality

Forever  
Forever  
And ever  
And ever  
Forever  
I'm gonna live  
Forever  
Forever  
And ever

Forever  
I'm gonna live forever

Forever and ever  
Forever  
I'm gonna live  
Forever and ever  
Forever  
I'm gonna live forever

I have chosen immortality  
I will never die
