

Outside In

Bodyjar

What gives you the right?
You're telling me time and time again
You don't know what to fight for this time
You're burning inside just waiting for the flames to rise
You're burning, exploding

I feel let down, can't get up
I'm on the outside looking in

You think you can hide
Still searching for some peace of mind
You can't survive on emotion this time
Just look in my eyes and tell me that you're doing fine
I'm waiting and waiting

I don't want to tell you how to live your life
You know, it's really your decision what you want to do
But I can't stand aside and watch you fall apart
You know that's something I could never bring myself to do
