

Break The Cycle

Bodysnatcher

Selfish manipulative piece of shit
Quit while you're ahead
Instead walk away and never look back
Don't ever look at me again

You've pushed me off the edge
And I'm so glad that you did
As I fall I see your ugly face
For what it really is

Burn in the fire of my past
You wouldn't last in the present
Nothing waits for you ahead
Except your final lesson

To break the cycle
Would set me free
Why can't I see
What's in front of me

It hurts to know you
Your sour breath stinks of rotten words
Consumed by your insecurities

I used to be concerned for you
And I truly cared
But your actions have turned me cold
This can't be repaired

I used to be concerned for you
And I truly cared
Ignorant to the mirror I look through
Neglecting the truth I always knew

To break the cycle
Would set me free
Why can't I see
What's in front of me

Grab the thorn, so you can feel the pain
I won't go through this again
