

Prisoners

Bodysnatcher

Gather every Sunday
And pretend you're not sinners
You're no better than us
We're all prisoners

Created to control the masses
And put you in line (Put you in line)
Pick a side
Or you'll burn
For eternity

It's all fucking shit
And you're all sheep
Kneel to a higher power
That doesn't exist

I roll my eyes
At all the lies
You blindly follow
Your "facts" are hollow

False prophets claiming an eternity of burning
A cult in disguise
Your god I will defy

God free until the day I die
I won't waste my time on my knees
Hearing all of your lies
God free until the day I die
I won't waste my time on my knees
Hearing all of your lies

I'm being choked by the Holy Ghost
Cut it close, Jesus Christ has a knife against my throat

Gather every Sunday
And pretend you're not sinners
You're no better than us
We're all prisoners
