

Severed

Bodysnatcher

Day in and day out
You pretend to play the part
Day in and day out
But there's no more room in my heart

Hatred
My only release
Malice
It changed my beliefs
Hatred
I've severed the ties
Malice
Keep living with your lies
I won't let you in
Cave in

Greed tainted your soul
Rotten to the core
Each lie like a shiv
Cutting this off
Shed like the skin
I'll never look back again

Blood is the only binding factor

Day in and day out
You pretend to play the part
Day in and day out
But there's no more room in my heart

Hatred
My only release
Malice
It changed my beliefs
Hatred
I've severed the ties
Malice
Keep living with your lies
I won't let you in
Cave in

The consequences of your actions
Eternal
Bathed in sin
Your flesh and blood turning on you
Compassion is a slow and painful
Decay
No longer my burden to bear
My burden to bear (my burden to bear)
