

# Smashed Perception

**Bodysnatcher**

You've always played the game  
Smash the perception and holy veil  
And enough of the fake shit  
An undercover demon

Is this ignorance or malicious intent  
Always one step ahead  
Never look back  
Never look back again

Taking more than cash  
And losing more than respect  
Except you lost mine  
Go count your nickels and dimes  
Go count your nickels and dimes

Anyone who does this to their family  
Doesn't deserve the pity you cry out for

A viper in the grass  
Sinking its fangs into the neck of clueless bliss  
With an axe to the head of my perception of you  
It rots away in the fucking trash

Suffer  
Bleed, burn  
Suffer  
Bleed, burn
