I'm bored, like a puppy at home alone
Waiting for someone to come
Keeping my ears alert
Laying on my stomach then leaning on the couch

My background music is the sound of footsteps
Although I don't know why
Actually, I do know but I pretend I don't
I turn around and secretly smile

You know how I obviously turned my head
But why aren't you reacting?
Your face is indifferent
Do you really feel nothing?

I have something to ask, wanna talk to me?
Can we hold hands starting from tomorrow?

You haven't left my head
Even my diary wasn't enough
All day, I thought of you
To the point where I lost track of time

My background music is the sound of footsteps
Although I don't know why
Actually, I do know but I pretend I don't
I turn around and secretly smile

You know how I obviously turned my head
But why aren't you reacting?
Your face is indifferent
Do you really feel nothing?

Just for one night
Please have me come in your dreams
Your face is indifferent
Are you thinking the same as me?

I have something to ask, wanna talk to me?
Can we hold hands starting from tomorrow?
