

# Another Bando

**Boldy James**

Where we at with it  
Let's get it

Bro keep calling home, he just want to kick it  
Brodie on the other phone wanna know the ticket  
Told him hold on, had to click over on my Cricket  
Trapping in the drug zone, all we know is brick it  
Used to pour some margarita, copping bowls and biscuits  
Started fucking with the either now we on to Memphis  
Broke it down in we so expensive  
On the and it's so relentless  
Morgantown West D, niggas know the business  
Quarter pound to a key, now he owing interest  
Blowing loud in the V, windows tinted  
Four thousand just to see, spent that on some lenses  
Niggas start drifting me, bet they won't admit it  
You don't want these, this ain't what you recommend  
Remember nights no sleep, couldn't catch a rhythm  
Now everything AMG kitted on the Benzes

Imma get my cash up  
Yeah fucking with the bando  
Before we in the bando  
Yeah trapping out the bando  
Imma get my cash up  
Yeah fucking with the bando  
Before we in the bando  
Yeah trapping out the bando

Me and bro was trapping at the store  
Know I got my pole on me, gotta keep it close  
If a nigga roll up turn him to a ghost  
Add him to the list of nigga that we had to smoke  
My nigga told me that his funds low  
I told him to make his gun blow  
How the fuck you gon' be broke and your gun loaded  
Heard your cousin front you tons, you can't unload 'em  
How we know that you the one, your day one told us  
I remember me and Chuck, we was blunt blowing  
Trying to get up out the slump moving slow motion  
Pour me up a double cup of this love potion  
Switch the flow up, that's gon' keep the cash flowing  
Went from blowing on bags, now I'm bag blowing  
I been back in the trap with my mack homies  
I feel safe on the lab with this mach on me  
I ain't talking 'bout making no tracks brodie  
Naw  
I remember nights I was wishing on a star  
I remember riding five deep in the car  
I remember telling my niggas we finna ball  
Now look at us all, cashing out on whatever we want

Imma get my cash up  
Yeah fucking with the bando  
Before we in the bando  
Yeah trapping out the bando  
Imma get my cash up

Yeah fucking with the bando  
Before we in the bando  
Yeah trapping out the bando  
Imma get my cash up  
Yeah fucking with the bando  
Before we in the bando  
Yeah trapping out the bando  
Imma get my cash up  
Yeah fucking with the bando  
Before we in the bando  
Yeah trapping out the bando
