Another play another dump when the phone ring

Another day another dollar, 'nother dope fiend
Hundred K in orange mound, need some more beans
Another couple hundred thou' for the whole team

If you ain't been getting gwuap, you don't know me
Who want some smoke with us? They can OD

Taking shots at me team and its OV
Hit the set, clear the scene, and shoot OT
I'm higher than I've ever been still so street
Born for this road shit, my zodiac "repeat"
Woke up the whole crib, touching down in my sleep
Nigga this that bag flow, extended release
I ain't tryna be seen, your bitch notice me
I play in them ovaries, ain't no getting over me
I'm fresh and I ball like the soap on a string
I keep that dope rolled in the Russian cream
And plus I blow in a day what you profit in a couple weeks
Doing grand slams in the bag with the whole team
Grew up getting to the money no OGs

That's another touchdown for the home team
Another play another dump when the phone ring
Mix the uppers and the downers with the codeine
Another day another dollar, 'nother dope fiend
Hundred K in orange mound, need some more beans
