

Hunnit Sales

Boldy James

You ain't never been to hell on a cold day
You ain't never been to hell on a cold day
You ain't never been to hell on a cold day
Still made 100 sales on a slow day

It's like a front porch
Why your dope so slept on
How you try to back door from the guest home
You took a spin around the block, we was just home
Yea I seen him and we shot him cause he left wrong
I just ran into the plug in the restroom
Give me the test cause I'mma test when I get home
You get arrested and you singing like a record
Tellin on your own bro for a lesser charge
Got the Jeep and the Tesla in my garage
Old bricks look alike, one not as hard
