**Boldy James**

What up, Redly?  
Where we at?  
Don't need no introduction to this shit (Mr. Jackson)  
Not at all  
Redly  
I been talkin' my shit, let's get it

Double parked the V in front of the fire hydrant like a dog in heat  
Talk is cheap, damn near under indictment for that Boston tea  
Stash house across the street, we got that bullfrog, yeah  
So if you feelin' froggish, leap, the work wider than Dawson's Creek  
Built my line up, got the Clio hooked, my fin can take a three  
Used to chase my custies up the block, now this shit chasin' me  
Can't believe everything I hear, but I'ma have to  
I'm a natural, I can disappear this shit without no hassle  
Touch the ticket master, I ain't talkin' 'bout no raffle  
Put that money on your lid and catch your hat without the tassel  
Skylook like it's rainin' pills  
On the for life side, we slimier than baby drill  
Line you like I'm hangin' nails  
I been grindin' since a G, I was skippin' makin' sales  
Tryna cup up on the split, now my bitch thick as Kate Michelle  
I kept this shit way too real, my new XD stainless steel  
So dope, all my life is Mr. ISD, AML

What else? All this gamin' ain't for sale  
What's priceless, I keep for myself  
Never left a paper trail  
So it ain't no case to build if it ain't no safe to feel  
Feds comin' with ten on the cop, know I'ma take the deal

What else? All this gamin' ain't for sale  
Before I ask for help, I'ma hike up my jeans and my belt  
Put in pain by myself, ain't got no major deal  
Gave 'em the game, but what's priceless, I keep for myself
