

# Medellin

**Boldy James**

I can't believe my own eyes, I've been told lies  
This .45 with the Chrome slide take a nosedive  
I broke stride, first take, caught my second win  
Sold pass, certain case, bought my second Benz  
Building a brand, same time, I was setting trends  
They see my AP game time, tell 'em that's my next of kin  
.227 what a nigga highly recommend  
Catch you dixin' without your strig, you gotta check it in  
I can't pretend and sit and act like we was ever friends  
Just like I can't tell you 'bout no racks that I ain't ever spend  
I cook the work until it lock up like some gelatine  
Ain't got nothing to hide, with a closet full of skeletons  
Could learn you something, introduce you to a better blend  
I could take you to a couple places you ain't ever been

Since a youngin', been peddlin', put that on Evelin  
We the medellín, while these niggas just be medellin' (Just be medellin')  
Since a youngin', been peddlin', put that on Evelin  
We the medellín, while these niggas just be medellin' (Just be medellin')  
Since a youngin', been peddlin', put that on Evelin

The prepago dancing on my dick until it pulsate (Okay)  
I pop up like entonces, might be in rolado, ho, el volado (Okay)  
Motherfuckers know mi billetera está empanizado (Ayy)  
Amala a mi lado, I'm feeding her tussy  
Back home, I got me a Jersey city, Karrueche (What?)  
Unc' still got dip on a loosie, I'm burning loudly (Sss)  
Told my bitch she could pick a coast, I'm thinking Amalfi  
My dawg coming home like Rowdy to new necklaces (Toma)  
We makin' medellín with bad bitches, to do breakfast with (Toma)  
If we talking Antioquia, I'm in my element  
Have your jaw moving, OD, and get you that peppermint (Woah)

Since a youngin', been peddlin', put that on Evelin  
We the medellín, while these niggas just be medellin' (Toma, what?)  
Since a youngin', been peddlin', put that on Evelin
