

Off The Wall

Boldy James

You can see the lights from the new moon, once every blue moon
Twice every two noons, life in the grow room

(Smoke) Lala
(Drink) Love
(Live) Life
(Think) Loyalty
(Smoke) Gangtime
(Drink) Mafia
(Live) Whatever
(Think) Let's get

Ain't nuthin promised to a nigga but the clinic
And I came back, so I hit the wit and took a drink
For my hitters in the bing and my critters in the grave
Higher than a motherfucker reminiscing in the days
On the times in the gutter, when my man went cluttered
I remember it like yesterday, that was the days
Now we live in a age, it's legal to own a gage
And killers is underaged, so you can't put your vest away
Cause ten years today, we was on haze
When my nigga got grazed from a stray when it ricochet
Went to his rib-cage and it struck a vein
As he bled out, the blood ran down the drain
As I ran out the house, see my nigga lay
Middle of the street, letter T, number seven jays
Saw the look in his face, my face expression changed
He in a better place, so in his name I'ma

(Smoke) Gettin money
(Drink) Stay on the block
(Live) We punch man on the time clock
(Smoke) on a scale
(Drink) Stayin outta jail
(Live) We livin' off the wall
No promise for tomorrow

Yo look
I don't get along with these niggas, maybe something wrong with me
I trust none of these niggas, they all out to get me
I calculate my moves, before I step foot
Why would I trust you? I don't know you that good
But I never live like a scary nigga
I step to my demons, I don't hop for them niggas
When you get to know me, you learn I'm a wild boy
Ever since I was a kid, I knew my voice
Would be heard worldwide if I told my story
Cause everybody love a good underdog story
I was the runt nobody wanted
Little sick skinny puppy who the world disregarded
I wasn't supposed to live this long
But God showed a little favoritism for the lord
And blessed me with the gift of pain
And that pain made me who I am today
That's why I smoke, drink, live, think very deeply
My philosophy today is
Fuck the world and don't ask me for shit

And anything you get you gotta work hard for it

(Smoke) Gettin money
(Drink) Stay on the block
(Live) We punch man on the time clock
(Smoke) on a scale
(Drink) Stayin outta jail
(Live) We livin' off the wall
No promise for tomorrow
