Boldy James

Nigga thought I went and shaked back
Where we at?

Bro just came home from a 7.30, he right back swelling birdies
Opp-ass niggas say they finna spend, but we ain't never worried
Commie J will kill a ass nigga, he think he Eddie Murphy
Double A-12 for the ad-libbers be speaking on my name

Slap out on the cower, hundred red racks on the counter
We be trapping off the towers, like The Hunchback of Notre Dame
Bad baller from the gutter gutter, like this shit cloven lanes
Blew it back to this pandemic drought, these ain't no COVID chains

This street shit open game
One minute you him, next minute you, right back on your knuckles
Can't count on nobody, can't depend on nothing but your hustle
Sixteen splits in the bricks, shit look like I'm piecing out a puzzle
Ski just caught a case got out on bond now he right back in trouble
Caught another case, lost his son, after we lost a brother
Dutchie finna get his appeal, like here go all or nothing
Did what I can but to keep it real that shit don't cost you nothing

This shit wearing me down
Weight of the world
Heavy is the head that wears the crown
Hood on my back, D on my hat
It don't stand for disciple
All my karma came back tenfold
This shit a vicious cycle
Selling dope from pillar to posters
Out here living trifle
Doing walk ups with M10s
But now we spend with rifles
Heavy is the head that wears the crown
All my karma came back tenfold
This shit a vicious cycle

I really ain't for certain, bro told me don't do no business with him
My nigga say you working
Even if I was to do the deal, won't see my face in person
Trying to put them people on my heels, trolling my pages, lurking
Can't exactly pinpoint at the moment when this shit went wrong
Dumping on the load so every month I'm switching phones, hit my jack
How you get this number?
Like let me hit you back
That was the day I noticed a different picture in his tongue
Took it to consideration, thought about the situation
Had to tune him out, can't let no nigga break my concentration
Trying to take it one day at a time, but time been taking me
Away from those I love the most, but time, oh I can't wait to see
How you loving that one playboy, you know we play for keeps
This ain't a reach, nigga play with mines
And he gon' pay the fee
Don't play with me, play with your wife
Play with them 10-0-8s
On me you gon' pay with your life
Put that on baby now

This shit wearing me down
Weight of the world
Heavy is the head that wears the crown
Hood on my back, D on my hat
It don't stand for disciple
All my karma came back tenfold
This shit a vicious cycle
Selling dope from pillar to posters
Out here living trifle
Doing walk ups with M10s
But now we spend with rifles
Heavy is the head that wears the crown
All my karma came back tenfold
This shit a vicious cycle
