

Thin Ice

Boldy James

If you skate upon thin ice
You'd be wise if you thought twice
Before you made another single move

Goofy niggas thought they had one (Had one)
Now they 'bout to catch a bad one
Man them boys ain't caught me slipping yet (Naw)
Man them boys ain't caught me slipping yet (Naw)
Goofy niggas thought they had one (Had one)
Now they 'bout to catch a bad one
Man them boys ain't caught me slipping yet (Naw)
Man them boys ain't caught me slipping yet (Naw)

Man I can't wait to take off on my rims
Hit a figure eight and skate off in my Benz
Cause when the weather break I'm gonna dap then slap him
Pull up to the trap, slap and crunch it like what's happening captain
We ain't laughing with him we're laughing at him riding foreign
Bitches calling us bad boys cause we back to back it
That's why these niggas hate on us so much I can't imagine
How they find the time to hold my nuts but they're not the captain
Slipping when I'm sipping, tipping off of that tinactin
But niggas tough acting, got that double action
Limited edition full of full metal jackets
Where you at Bo?
On 94 stuck in drug traffic
All of my life been a dope man, I guess I love trapping
Feeling like cause I might just say fuck rapping
Rocking canary yellow jewelry, platinum
And I could clear a nigga yearly off of one package

Goofy niggas thought they had one (Had one)
Now they 'bout to catch a bad one
Man them boys ain't caught me slipping yet (Naw)
Man them boys ain't caught me slipping yet (Naw)
Goofy niggas thought they had one (Had one)

Sic figure getter, fifth wheeler
Chain shimmer me timbers
The brick flipper
Top hat balling big-rigger
Cris sipper, 6 dipper
Wrist glitter, strip full of strip dinner
Switch hitter, fresh prince,
This ain't no mixtape but the tape's mixed
With bet all my brick niggas gon' feel that
Like Vic Mensa, burn with Vince Staples
Shot jams with Mac Miller, turn down deals from ten labels
Like bubble crack dealing in that Mercury Sabre
We count the money on the floor with them on the table
Charging eleven hundred an O, serving them bagels
And them Krispy Kreme donuts, sipping syrup and maple
With my gun on my waist and my on my ankle
A couple hundred in my safe, just me and old faithful

Skating on thin ice, a van Dyke go so gracefully
A nigga been nice but this time it's no thank you

Goofy niggas thought they had one (Had one)
Now they 'bout to catch a bad one
Man them boys ain't caught me slipping yet (Naw)

All white ice on a black hoodie
It ain't no platinum in those Cartiers, switch your frames
Let's take a trip down memory lane with me and Main
First put niggas up on game, are you not entertained
My youngun in the spot with that ooh-wop, I feel his pain
Man these niggas ain't no Tupacs., they Lil Zane
Ain't too many did it, we keep the shit as real as James
Set them niggas in my click and I bet they feel the same
Way that I feel got you feeling some kind of way
Cause I touched and brought a quarter million back from diamond way
My rolex won't let me give a broke bitch the time of day
All these AR's and OC's you'd think I was signed to Jay
Smoking cookie trying to jug this million dollar play
you a groupie, your crew pussy and you lingerie
Choppers on deck, come through shoot up your cabaret
Swing the mac, make them lean back and do the Rocaway
Let's get it

Goofy niggas thought they had one (Had one)
Now they 'bout to catch a bad one
Man them boys ain't caught me slipping yet (Naw)
