If you want to come on down  
Down with your bones so white  
And watch while the freight trains pound  
Into the wild, wild night

How I would love to gnaw  
To gnaw on your bones so white  
And watch while the freight trains pour  
Into the wild, wild night

How I D-Twain  
How I D-Twain

If you want to come on down  
Down with your bones so white  
And watch while the freight trains pound  
Into the wild, wild night
