

Move Rhythm City

Bombshell Rocks

I creatively freestyle my way through the concrete
I stick and move like boxers do
Dance, Dance, Dance, Dance
I Dance like a butterfly and I sting like a bee
A Mohammed Ali Philosophy, come on
Dance, Dance, Dance, Dance

I move to the rhythm of the city beat.

I've seen the people around me
All a part of the industry
the broadcasted radiowaves
coming your way soon, so I move too.
