

Teenagers

Bombshell Rocks

Pretty funny how a name like Johnny
Can end up with some many songs about the same thing
And if the truth to be told about Johnny that
He's the part of you when you think back
You all know him as the kid who got sidetracked
And the heart attack, that your mother had

-

An irresponsible little brat

Cause and reaction
Where's the action?
Teenagers
We were teenagers

I knew Johnny when his name was Jimmy
He used to be great when his heart was in it
I saw the character I've seen, diminish

-

There used to be magic in him
I remember when we broke into garages and stole everything
