One, take two, its life, now what you gonna do
Old skool, new skool and the drop-outs too
One with the two
What you gonna say
Rollin' with two MCs and one DJ

Massive and crew in the front and the back
Rollin' to the sounds and we love it like that
Riding to the rhythm we got the flavour
The bass is so loud, disturb your neighbour

The hill a roller coaster we be turning and twisting
With the styles we remixing
Cause the maximum kicking... bo
We approach with the most
Yes very distinguished
Delicate it is and not a flick of the wrist

But I mean we cut the record
For the ones who check this
Feel neglected
Cool, calm and collected
What's the afro funky record

That we rockin' and rumbling
Fry like dumpling
Let me give a little something

Riding to the rhythm we got the flavour
The bass is so loud disturb your neighbour
Rollin' for the crews, and the raver
X-amount of style, x-amount of flavour

Like...

Like ride widda bidda bidda beat
Roll widda the beat
Inside now ride now
Riddim and ride the ride the ride the ride
Bidda bouce some bidda bass don't stop
Riddim and roll now riddim and rock it
Shock it take off like a rocket
