

Superman Tonight

Bon Jovi

G

1. There's something about you

C9

I wanna rescue

Emi7 Dsus4

I don't even know you

C9

So what does that mean

2. Maybe I'm cynical

Painfully logical

You're tragic and beautiful

And that's good enough for me

D

- X: You're looking for a hero

Ami

But it's just my old tattoo

D

Tonight I swear I'd sell my soul

C9

To be a hero for you

G

D

C9

- R1: Who's gonna save you when the stars fall from your sky?

Emi7

D

C9

Who's gonna pull you in when the tide gets too high?

G

Bmi

C9

Who's gonna hold you when you turn out the lights?

Ami Ami/G

I won't lie

C

I wish that I could be your superman tonight

3. If somebody sent you

An angel to save you

What would you tell him

To turn him away

4. That your heart don't break?

That your lips don't kiss?

That life is just a lie?

That heaven don't exist?

Emi

- R2: Who's gonna fix you

C9

The next time you break down

Emi7 D9

Stranded alone by the side of the road

C9

With your baggage that's dragging you down

Ami Ami/G C

Don't look back, let it go

D

Ooh-ooh
