

# Determination

## Bone Thugs-N-Harmony

-Hey nigga you ready for me to get on this uh... unseen faith stuff man?  
-I mean yeah, it's all up to you. You gotta be determined to bring this vision into your life bro'!  
If God has put something on your heart, it's up to you to take the faith and bring this thing into reality.  
-OK, I feel you, I feel you!  
-I mean you gotta be determined by all means necessary!  
You gotta bring the unseen to the scene. You know what I mean?  
-Yeah!

You need your basic information before you can leave earth.  
And the B-I-B-L-E is the source of the true words.  
Some choices they do hurt, faith is dead without works.  
From the minute you was birthed, you only find it when you search.  
I'm prepared for the worst, but strive for the best.  
It's survival of the fittest. I'm alive, so I'm blessed.  
With my eyes bare witness, while I'm praying for forgiveness.  
I'm a give it all I got, from the start to the finish... finish.

Oooh, every day we pray, (we pray) yes we pray! (Yes we pray, pray)  
Oooh, every day we pray, (we pray) yes we pray! (Yes we pray, pray)  
You must need determination, determination.  
Don't let distractions replace it -- you can make it!  
You must be strong and be patient! (You must be patient)  
'Cause it must be determination, determination.

I'm tryin' to make it to the finish line, (finish line)  
but I'm cursed in the worst way, Satan was a friend of mine. (Yeah!)  
'Til I woke up and I realized (realized) association with the fakers and haters I had to minimize.  
Have you seen the bad side of a Gemini? Its' been a really bad vibe between him and I.  
Nigga die, I'm trying to rise to the occasion.  
Determined that I make it, no matter what I'm facin'!

We are born with God given purpose and that's certain,  
Everybody got work to put in for the lord,  
See we nothing but servants,  
What goes to move toward,  
gotta be strong, and determined to march forward,  
Every now and then I slip and go backwards,  
But I refuse to loose heart, and that's a factor.  
Life is like a war we probably loose a few battles  
If you let them they send you up the creek with out a paddle.

If you dream it you can reach fam.  
Determination is a hustle with a good plan, understand?  
Set some goals, grab a hold of your toes,  
cause rest only comes to the dead and gone  
and under the leaf every time the sun comes up  
life is hard and easy with the trials you can overcome  
Destiny is coming is not a face you can run from  
Listen to the wise you can make it past phase one  
Ignorance will have you stuck out in the cold

Once in your heart then there's nothing can stand in your way... (Determination!) determination! [x2]

Determination. We Pray.  
But what am I giving away  
But what am I giving away  
Laying the rhythm with Lay  
And did the chorus with Kray  
Hanging with Wish  
You had Flesh out of the penitentiary  
Ride for the desire (De-zeh-ray)  
Give me the strength God I got whipped,  
Look upon, load up a clip, and go get it,  
Never confuse, better to move, ride and do it,  
She really ain't nothin' to it,  
Me & Cupid never cool with, ooohh baby never cool with
