Bone Thugs-N-Harmony

(You niggaz can't stop me) From cockin a glock  
(You motherfuckers can't stop me) From poppin and droppin  
And the cop peels for the guerillas on the block  
For skinny niggaz like myself, artillery shops as well, yeah

You think I give a fuck if you don't like me nigga?  
Put them up in the club and fight me  
I'm sorry that I'm just so fuckin exciting  
Steadily cordial like this killa 'posed to  
And I wish you would really come try to test me  
You break bread with niggaz that owe you I can show you  
Slowly rollin like these nuts for most do  
Cookin it up just like it's soul food  
Fuck all y'all, I never did know you  
Bring the ProTools, stack it on up  
And little Thugs that I console to  
Never leave your house without, keepin it up  
To the head that is, you don't know what mad is?  
Couple of Bobbys under my belt and with mad kids for self protectin  
Don't know, he ain't accept my hand on the little bit of solo shit  
It's Bone Thugs forever cause I know where home is

(You niggaz can't stop me) From cockin a glock  
(You motherfuckers can't stop me) From poppin and droppin  
And the cop peels for the guerillas on the block  
For skinny niggaz like myself, artillery shops as well, yeah

What you thought a nigga be up and gone?  
Fly by night, no longer Bone, strictly hype  
Niggaz better think twice  
Cause all of these haters ain't even seen the light  
Nigga we can knock on anything, and the mission always complete  
Be that little nigga when you see me, with a dog out in these streets  
And I gets my money, I bring home the bacon  
Seven or better that's what I'm makin  
Better check the reputation, nigga you dealt with frontin and hatin  
See I'm positive, plus I'm cool, yeah I'm a thug and yeah I'm a fool  
I love the game and I love the rules  
If you cross the line I'm a flash these tools  
And nigga ooh, if I do it's for my children  
If you feelin like I'm feelin then you probably gon' see a million  
Thug nation, fuck these doubters, yeah they said that he'll never make it  
He runnin wild and doin this and doin that, he'll never make it  
Who gets the last laugh now, look at me now countin this money  
Them the same niggaz today, that can't get nothin from me  
To all of them now, hey congratulatin, niggaz there's really no time wastin  
Penetratin and elevatin, believe us we was up there waitin

(You niggaz can't stop me) From cockin a glock  
(You motherfuckers can't stop me) From poppin and droppin  
And the cop peels for the guerillas on the block  
For skinny niggaz like myself, artillery shops as well, yeah

Oh now look it's a miracle, y'all know the Bone's gon' pop  
Ten years and still we blow, just admit that we rock

All night long, you know we keep it Thug  
But still harmonize these songs (songs)  
But don't get it twisted we Thug and we real with it  
They feel we flip and we deal with it  
Ain't gotta like it, better live with it  
Just trust me, better live with it  
Now think if I was you and you was me wearin my shoes on your feet  
Now think again cause I could never be  
I could never be a hater or a hate that's dealt to men  
And it seems like I've always been down  
And I can tell you I'd rather that 'fore I go back that route  
You see one nigga on the news, wonder what did he do  
And they tell you you be like, "Ooh, that nigga's through"  
But they don't know me  
Been blessed with all my Thugs in all this Harmony  
You know we can't be stopped, we rollin past the cops  
Plus all you haters, the finger's all you got  
Fuck y'all!

(You niggaz can't stop me) From cockin a glock  
(You motherfuckers can't stop me) From poppin and droppin  
And the cop peels for the guerillas on the block  
For skinny niggaz like myself, artillery shops as well, yeah

I ain't got nothin to say to a hater  
As soon as he run up I give him a POW  
Put him in the ground with the rest of them niggaz  
Who thought they could run up and fuck with me now it's 2 thou'  
We fuckin around with the convicts, makin 'em up at the county  
Now I got nothin but killas around me  
Fallin in proudly, organized but rowdy  
They fearin us, because of the shit they been hearin about us  
They say that them niggaz got with the knowledge  
And we at a nation where niggaz screamin Thug power  
Them niggaz ain't think we was comin back on some real  
Political military workin the fields while these bustas stay in the crib  
Execution, murda mo murda, murder them all  
Kill 'em all, all, get yo' shit nigga get in the car  
If you ridin willin to die for this, really tryin to survive in this  
Hit up and fuck up your rivalies, if you even know what time it is  
I'm runnin the soldiers, warriors ready and willin to die for the cause  
If it's war that's what we came for  
That's why I brought my dawgs for all of y'all  
Gauges will be blazin, watch I shock and shake the worrrrrld  
And drop up on niggaz, unstoppable (unstoppable)

(You niggaz can't stop me) From cockin a glock  
(You motherfuckers can't stop me) From poppin and droppin  
And the cop peels for the guerillas on the block  
For skinny niggaz like myself, artillery shops as well, yeah
