

Choke

BONES UK

I wanna kill you with love I do and I do what I say completely
I wanna chase you til you can't move, gonna blind you until you
see me

Looking at me looking at you, there's so many things I need to
do

I'm gonna infect your brain until all you think is about me

You made a murderer, you made a murderer of me
You made a murderer, you made a murderer of me

Now there is nothing you can do to stop the mad in me
Now there is nothing you can say that will get you free
Now there is nothing you can do to stop the mad in me
You made a murderer, you made a murderer of me

I wanna suck on your mouth until all the air is out of your bod
y

I wanna push you from your window sill so you will never feel a
bove me

I'll choke you with my charms, wanna watch you die in my arms
I wanna squeeze you til your heart can't pump, til your eyes po
p out of your body

You made a murderer, you made a murderer of me
You made a murderer, you made a murderer of me

Now there is nothing you can do to stop the mad in me
Now there is nothing you can say that will get you free
Now there is nothing you can do to stop the mad in me
You made a murderer, you made a murderer of me
