

# Dopamine

BONES UK

Save me from myself, I think I'm going mad  
Get no satisfaction from the things I have  
Dopa, dopa, dopa, dopamine  
I cannot smile without you running through my fingers

Cover me in cheap love, let me be submerged  
Feeling so ecstatic, I could fucking burst  
Dopa, dopa, dopa, dopamine  
I cannot breathe without you running through my bloodstream

Dopamine  
Wash your sheets 'til the sweat runs clean  
It's dopamine  
Shakes your hand like a tambourine  
It's dopamine  
Most beautiful thing that I've never seen  
It's dopamine  
It's dopa... mine

Leave me Chelsea-smiling in the wild wild west  
Stick matchsticks in my eyes so I can feel my best  
Dopa, dopa, dopa, dopamine  
I cannot smile without you running through my bloodstream

Dopamine  
Wash your hands but they won't get clean  
It's dopamine  
Shakes your brain like a tambourine  
It's dopamine  
Most beautiful thing that I've never seen  
It's dopamine  
It's dopa...

I've never been as happy as this  
I've never been as happy as this  
I've never been as happy as this  
I've never been this happy

I've never been as happy as this  
I've never been as happy as this  
I've never been as happy as this  
I've never been this happy
