

I had a best friend, but he don't want me
I had a mother and father that haunt me
I'm charmed
Darling I'm charmed

Am I a failure?
Are you a winner?
What do I do with all these dreams that won't stay dreams
I'm so tired
Yeah I am so tired

I had a dream sun
I had a vision
What do I say when nothing that I say fills me with that fire
Oh with that fire

Tell me your story
Give me some moments
A mother [?] a mother lying in her hospital bed
Yeah, finally she can rest

Are you?
Are you happy?
Are you happy?
Yeah Yeah
Are you?
Are you happy?
Are you happy?
Yeah Yeah

And do you?
Do you feel pretty?
Are you happy?
Yeah Yeah
