BONES UK

I wanna let my body rule my brain
I wanna let my body rule my brain
I wanna let my body rule my brain
I wanna let my body rule my-

I wanna taste your teeth, your teeth
I wanna touch teeth with you
I wanna lick your teeth, your teeth
I wanna clash teeth with you
I wanna touch
I just wanna touch
I wanna taste your teeth, your teeth
I wanna touch teeth with you
(I wanna roll around the ground, roll around with you)
I wanna lick your teeth, your teeth
I wanna clash teeth with you
(I wanna roll around, around, roll around with you)

Your smile is my addiction
My love is your affliction
Shake your suit loose
Let me chew on you
My face is your addiction
Your love is my affliction
Shake your brain out
Let me chew on you

(I don't)
Why would you stand when you could crawl?
(I don't)
Makes no particular sense at all
(I don't)
Makes no particular sense at all
(I don't)
Makes no particular sense

I wanna touch teeth with you
I wanna touch
Touching teeth
I wanna clash teeth with you
Teeth touching, teeth touching, teeth

I wanna let my body rule my brain
I wanna let my body rule my brain
I wanna let my body rule my brain
I wanna let my body rule my

I wanna let my body rule my brain
(I don't wanna see it, I just wanna feel it, oh)
I wanna let my body rule my brain
(I don't wanna see it, I just wanna feel it, oh)
I wanna let my body rule my brain
(I don't wanna see it, I just wanna feel it, oh)
I wanna let my body rule my-
(I don't wanna see it, I just wanna-

I wanna taste your teeth, your teeth

I wanna touch teeth with you
I wanna lick your teeth, your teeth
I wanna clash teeth with you
