

Close To The Edge

Bonfire

Well, the whole world is searching
And I can see it
And You gave me the keys, Lord
What will I do? You called me a city high on a hill
I wasn't meant to blend in, Lord
What will I do? What will I do? Can I stand back
Watching all of my life
When they're so close to the edge? Wasting all of my time
Wishing that I would have said
All Your words and Your truth
I can't live life with regrets Well, the whole world is passing
And I can see it
And the things that we hold to
They don't mean a thing
Between hell and heaven
We have this chance
I don't care for convenience
I live for You
I live for You 'Cause I can't stand back
Watching all of my life
When they're so close to the edge... So I take a step
To live for Your truth
You showed them Your love
Now I'll show them You
