

# Come Hell Or High Water

Bonfire

Revelations

Raining down like fire

Don't believe what you're told

They are reading a book of lies got you living in fear

How do you choose

Is it us or them

Don't know what to believe

Come hell

Hell or high water

Come hell

Hell or high water

Come hell hell hell

Hell or high water

Come hell

Hell or high water

Hesitations

Wait for the end to arrive

They're feeding you lies

Only the strong survive

You should have known better

How do you choose

Is it me or you

Don't know who to believe

Come hell

Hell or high water

Come hell

Hell or high water

Come hell hell hell

Hell or high water

Come hell, hell

Hell or high water, water

Come hell hell hell

Hell or high water
