Crazy

Bonfire

Who'll be the winner in our filthy wars
What is the reason why we all act like whores
Where are we going when the worms eat our flesh
Why are we caught up in this fine mesh of cash

Who will be there for me in times I fell alone
How can my destiny teach me right from wrong

I'm going crazy, crazy – (I got) too much on my mind
I'm going crazy, crazy – all the time
I'm going crazy, crazy – crazy night and day
I'm going crazy, crazy – it's takin' me away

Who'll be the saviour of a starving child
What is the reason for a mad man gone wild
Where are we going when we burn in the heart
Why don't we comfort all the people in need

Who really cares about that what I fell inside
How can I get my fair share of what I'm trayng to find

I'm going crazy, crazy – (I got) too much on my mind
I'm going crazy, crazy – all the time
I'm going crazy, crazy – crazy night and day
I'm going crazy, crazy – it's takin' me away
