

Don't Go Changing Me

Bonfire

Well, I might not be a hero
and I'm sure no Superman
I'm trying - to give you - all you ever wanted
'cause I've always thought that love don't ask for much
I don't write letters
I don't work for charity
does it really matter
I'm just the way - I wanna be
CHORUS
Don't go changing me
'cause then I'm not your man
Don't go changing me
just take me as I am
I sure can never build you a castle
but I'll defend our little home
it takes a whole lot - of courage - to be a little bit old fashioned
but if you look for someone perfect - I won't do
No-one ever owns me
I lay it on the line
Don't try to control me
'cause my love can stop on a dime
CHORUS
