

Fire and Ice

Bonfire

Screaming for your love
That's what I'm dreaming of
Maybe I took you for granted
Maybe I wanted too much
Maybe our love was tainted
Maybe I gave you too much

All your lies
All the pain
The innocence lost
Drives me insane

Fire and ice
Fire and ice

Dreaming of the past
Our love that could not last

All my dreams
Thrown away
Wasted years
Nothing left to say

Fire and ice
Fire and ice
Fire and ice
Fire and ice

Fire and ice
Fire and ice
Fire and ice
Fire and ice
