

# Gloryland

## Bonfire

In the beginning  
When it all had just begun  
God had said:  
No wastefire will be done  
From cold, pained feet  
To a never setting sun  
Fight for liberty  
Freedom will be won

Heaven, can you help us?  
Heaven, can you hear?  
Please, let us reconform  
The one that brings us here  
Heaven, can you help us?  
Heaven, can you hear?  
Searching for a better life  
No more time for fear

Run to the gloryland  
Salvation's in our hands  
Found to the gloryland  
Now is our last stand

What would happen  
If you're just turned to stone?  
We have no care  
To sit upon my throne  
Forever we are searching  
Forever we can't find  
Freedom is our greed  
I can't give in right

Heaven, can you help us?  
Heaven, can you hear?  
Searching for a better life  
No more time for fear

Run to the gloryland  
Salvation's in our hands  
Found to the gloryland  
Now is our last stand

Come to gloryland

Forever we are searching  
Forever we can't find  
Freedom is our greed  
I can't give in right

Heaven, can you help us?  
Heaven, can you hear?  
Searching for a better life  
No more time for fear

Run to the gloryland  
Salvation's in our hands  
Found to the gloryland

Now is our last stand

Run to the gloryland  
Salvation's in our hands  
Found to the gloryland  
Now is our last stand

To the gloryland  
To the gloryland  
To the gloryland  
To the gloryland  
Gloryland
