

# I Would Do Anything 4 U

Bonfire

You're so gracious - you're so contagious  
you're like a miracle to me  
you're so unbelievable - you're so irresistible  
some kinda wonderful to me - can't you see

I would do anything you want me to  
If you'll just say you love me too  
cause I was made for loving you  
I'd do anything for you

You are so divine - my favorite waste of time  
Alpha and Omega to me  
Sweet obsession - rule all my passion  
Some kind of overdose to me - can't you see

I would do anything you want me to  
If you'll just say you love me too  
cause I was made for loving you  
I'd do anything for you

I would do anything you want me to  
I can't deny my love is true  
cause I was made for loving you  
I'd do anything for you

You're givin' meaning to my life  
you heal the wounds and scars  
of loneliness inside my heart  
Ain't nothing that compares to you  
and I would do anything for you
