Lay Your Heart On The Line

Bonfire

I can relate that you're hiding your feelings
too many times they've been makin' you sad
Girl I'm the man who won't play with your yearnings
Open up your heart babe 'cause I won't treat you bad
Deep down inside you're so hungry baby
Make up your mind 'cause we ain't livin' in sin
CHORUS
Lay your heart on the line
don't keep it inside
'cause love just walked into your door
Lay your heart on the line
and you'll gonna find the reason we're livin' for
Caught up in dreams, why don't you surrender
whole lotta passion is waiting for you
What does it take to be part of your dreamin'
Love ain't just a word, c'mon open up inside
Don't loose yourself in hesitation
you gotta fight - straight from your heart - straight from your heart
CHORUS
