

## Rebellion

Bonfire

Rumours know that rebellion will break out  
Bonnie Prince Charles is in the highlands to claim his  
crown no doubt  
He raised his Standart at Glenfinnen calling to our pride  
The Jacobites are gathering I'll be at their side

Armed and ready stand  
My rights I must defend  
Steel is in my hand

The clan's are marching 'gainst the law  
Bagpipers play the tunes of war  
Death or glory i will find  
Rebellion on my mind

The town of Edinburgh fell soon in our hands  
Defeated the English at the Battle of Prestopans
