

Remember

Bonfire

Are you broken
has your heart been left behind
Tiny voices speakin riddles
inside your mind
I know it feels like it's you
against the world like
thunders pounding away

Remember your heart is a star
With the power to
make you believe
Remember you are who you are
And your beautiful your
beautiful to me

Have you spoken do your words
fall on deaf ears tiny tokens
that will follow you through the
years
What people leave are too
many scars cut you down to the
bone

Remember your a shooting star
Got the power now to believe
Remember you've got
to raise the bar and your beautiful
so beautiful to me
