

The Rauber

Bonfire

Easy come and easy go - that's the game we play Wild and young
- no time to rest - 'till our judgement day The vacuum of broke
n dreams - is poison in our breath Your freedom's just another
word - for slavery and death

On the wings of fame we fly - 'till the day we die And if there
is no tomorrow - we don't feel no shame, no sorrow We just sho
ut it out:

Bells of freedom - ringin' in my soul Bells of freedom - callin
g me back home Bells of freedom - the glory and the fame Bells
of freedom - my heart is hard - my heart is hard to take

Where have all our heroes gone - in these modern times Silenced
in a swamp of lies - they live a zombie's life Society's the g
rave of youth - a neverending grind Burried under tons of dream
s - there's nothing left to find

Tomorrow is like yesterday - we're living for today Retaliation
of the past - no way out, the dey is cast We just shout it out

Bells of freedom - ringin' in my soul Bells of freedom - callin
g me back home Bells of freedom - the glory and the fame Bells
of freedom - my heart is hard - my heart is hard to take

I have no father, have no love And blood and death will teach m
