

## Wake Up

Bonfire

Who feeds the hand - beggin' for bread  
Who tell me who  
Who heals the pain - when hearts feel so sad  
Who tell me who  
We're watching children die  
don't wanna hear about why  
ran out of reasons to cry  
While it kills you and me - but we all let it be  
CHORUS  
Wake up - somebody wake up  
somebody help me try  
Wake up - somebody wake up  
somebody open our eyes  
Who counts the sin - in a holy war  
Who tell me who  
Who's gonna open - when you knock on a door  
Who tell me who  
We're counting tears in the rain  
wasting our time - insane and in vain  
look for somebody to blame  
while it kills you and me - we all let it be  
CHORUS
