

Show You Mine

Bonnie McKee

I'm on my toes
I'm on my feet and baby I am ready to go
Because I know
I'm gonna see what I've been dreaming every night before
'Cause we've been dancing here for weeks
Wanna see what's underneath those super skinny jeans
So take me back into the pool house
Wanna break the rules now, I wanna see

Show me your love I'll show you mine
Just take it off now don't be shy
Show me your love I'll show you mine
Ooo, take it off, take it off
I wanna see it
Ooo, take it off, take it off
I wanna see

I will admit
I've kind of been obsessed with it
It haunts me at night
All of my friends are sick of hearing how I wonder what you feel like

We've been dancing here for weeks
Wanna see what's underneath those super skinny jeans
So take me back into the pool house
Wanna break the rules now, I wanna see

Show me your love I'll show you mine
Just take it off now don't be shy
Show me your love I'll show you mine
Ooo, take it off, take it off
I wanna see it
Ooo, take it off, take it off
I wanna see
Ooo, take it off, take it off
I wanna see it
Ooo, take it off, take it off
I wanna see

Show me your love I'll show you mine
Just take it off now don't be shy
Show me your love I'll show you mine (come on and show me your love)
Show me your love I'll show you mine
Just take it off now don't be shy
Show me your love I'll show you mine (take it off)

Ooo, take it off, take it off (take it off now)
I wanna see it
Ooo, take it off, take it off (I wanna see your love tonight)
I wanna see
Ooo, take it off, take it off
I wanna see it
Ooo, take it off, take it off (I wanna see it feel it touch it)
I wanna see
