

# Hang Glider

BONNIE PINK

nothing but you could make my day  
nothing but you could shake my faith

you're my dear hang glider  
you guide me  
through every cloud

we've flown too far to return  
sacrificing this and that

nothing but you could make  
my day  
nothing but you could shake  
my faith

you're my bud, hang glider  
you guide me  
across every ocean

we've flown too far  
to return  
sacrificing this and that  
we've gotta face  
we've gotta fight  
we've gotta pass through  
a cruel wind  
aggravating me and you
