

## Sing Them Down Together

Bonnie 'Prince' Billy

Careful who you praise and blame  
Or you'll lift up the wrong name  
Rendering our true heroes mute  
Pleasing those who most pollute  
Originally we decided  
Ruin comes when we're divided  
And now we've let that knowledge slide  
Tremble when our lives collide

Obfuscation is the rule  
Clarity – the unused tool  
Reason is – we may not care  
And the proof is everywhere  
Come with us, we'll change your tune  
Yes, we'll sing them down together  
Come with us, we'll change your tune  
Yes, we'll sing them down together  
Together  
Together  
Together
