

# Tonight With the Dogs I'm Sleeping

Bonnie 'Prince' Billy

Sitting at the bar with a drink or two  
Telephone rings, and it's you-know-who  
You know who's a-gonna get his ass chewed tonight  
Never liked sleeping out in the yard  
But crawling up the stairs is too damn hard  
Besides, I don't think I can make it that far  
I'm sleeping with the dogs tonight

Sleeping with the dogs tonight  
Howling at the moon  
Seems like the morning light  
Always comes too soon  
I'm all bark, and she's all bite  
I'm sleeping with the dogs tonight

She said if I don't get home soon  
There won't be home to get home to  
My little firecracker has a really short fuse  
That don't take much to light  
I could give up half of everything I own  
And stay right here and just get stoned  
Or obey my master and go home, go home  
I'm sleeping with the dogs tonight

I'm sleeping with the dogs tonight  
Howling at the moon  
Feels like the morning light  
Always comes too soon  
I'm all bark, and she's all bite  
I'm sleeping with the dogs tonight

This boy's night out has been real fun  
But now the good time's almost done  
When she gets this way, well, I better run  
If I wanna see her smile  
If she don't see me pulling in  
She said she'd call her ex-boyfriend  
It's that guy you heard that just got out of the pen  
Boys, I may not be back for a while

I'm sleeping with the dogs tonight  
Howling at the moon  
Feels like the morning light  
Always comes too soon  
I'm all bark, and she's all bite  
I'm sleeping with the dogs tonight

Oh, I'm all bark, and she's all bite  
She's all bite  
She's all bite  
I'm sleeping with the dogs tonight
