

## Turned to Dust (Rolling On)

Bonnie 'Prince' Billy

If you're asking my opinion  
I'm just an ordinary man  
Lord knows my intentions  
And he knows just where I stand  
Right is right, wrong is wrong  
No matter what side you're standing on  
Can't we all just get along?  
As life keeps rolling on

Rolling on, on and on  
It won't be long till we're gone  
Turned to dust  
In God we trust  
We're rolling on  
Rolling on

I've made some bad decisions  
And I still make mistakes  
When I see the things that man can do  
It makes this poor heart break  
A lie's a lie, a truth's a truth  
It's all up to me and you  
Something to think upon  
As life keeps rolling on

Rolling on, on and on  
It won't be long till we're gone  
Turned to dust  
In God we trust  
We're rolling on  
Rolling on

Tempted by the lure of a liar  
Who preys upon the foolish and the weak  
If we rely on love to lift us higher  
Things'll be all right for you and me

Rolling on, on and on  
It won't be long till we're gone  
Turned to dust  
In God we trust  
We're rolling on  
Rolling on

Turned to dust  
In God we trust  
We're rolling on  
Rolling on
