

I Can't Leave Your Love Alone

Bonnie Tyler

There is a shadow rolling over my heart
Like a cloud across the moon
There is a devil on my shoulder
Spreading his light into my room

Broken head and empty heart
Shattered mind that's torn apart
I fall, I stumble into the night
I can't leave your love alone
I can't leave your love alone

A wicked wind beats at my window
Telling me that I'm no good
There's no life in this bleak desert
There's no life, without you

Broken head and empty heart
Shattered mind that's torn apart
I fall, I stumble into the night
I can't leave your love alone
I can't leave your love alone

Broken head and empty heart
Shattered mind that's torn apart
I fall, I stumble into the night
I can't leave your love alone
I can't leave your love alone

I can't leave your love alone
I can't leave your love alone
I can't leave your love alone
I can't leave your love alone
I can't leave your love alone
I can't leave your love alone
