

## A Lotta Things

Bonny Doon

This and that, so and so  
Maybe yes, maybe no, you said a lotta things  
You said a lotta things  
Eleven thirty-  
nine, I'll never be on time, I know I said a lotta things  
I said a lotta things

And I should be happy  
But I'm not  
But I'm not  
And I should be grateful, I know  
But I'm not  
But I'm not

I'm faking my own death so I can get some rest  
I know, I thought of everything  
I thought of everything  
Standing on the corner, just staring at the sky  
Oh man, I saw a lotta things  
I saw a lotta things

And I should be happy  
But I'm not  
But I'm not  
And I should be grateful  
But I'm not  
But I'm not
