

# Let There Be Music

**Bonny Doon**

Let there be music  
Let there be love  
Let there be laughter more than enough

And let there be sadness  
But only sometimes  
And let there be music to fill you up inside

Let there be kindness  
Let there be fun  
Let there be lightness  
In everyone

And let there be sadness  
But only sometimes  
And let there be music to fill you up inside  
Let there be music

Let there be music  
Let there be music  
Let there be music
