

Heaven for the Sinner

Bonobo

We don't need no truth, got planted now
It grows on trees
I don't let it or 8 side loose
There's no saint and there's no sinner
Done more dirt than these
I know that we can do more right than these
I need to find a paradise for me

We just ask about
God is ready, but you don't wanna
No one tell me, heaven's waiting
For the sinner, God is ready
When you're ready

When we want it
We just ask it
God is ready, when you're ready
But you don't want it
God is ready, soon they tell me
Heaven's waiting
For the sinner, God is ready

Someone tell me, heaven's waiting
For the sinner, God is ready
When it
Shine, shine

Heaven's waiting, for the sinner
God is ready, when you're ready
Shine
