

## Does This Last

Boo Seeka

I need just a minute  
Just a minute or two  
A mind an ocean  
Weightless with you

I seem to be spinning  
In and out of time  
The waves of emotion  
Rolling into my life

Meet me at the place so we can be our own creators  
Stories, stories  
Write a new chapter, doesn't need to be clear  
Stories, stories  
Releasing our minds from the cynical invader  
Stories  
Which way do I write  
With all rules pulled aside  
I don't want to hide

Why does this only last for so long?  
Could I be wrong?  
Should I be asking myself while I'm high?  
Why does this only last for so long?  
Could I be wrong?  
Should I be asking myself while I'm high?

Been dreamin' for a minute  
Just a minute or two  
With total devotion  
Weightless with you  
We seem to be spinning  
In and out of time  
We have followed an ocean  
Fading over our light

Meet me at the place so we can be our creators  
(Why does this only last for so long)  
Write a new chapter  
Doesn't need to be clear  
Releasing our minds from the cynic and the haters  
(Why does this only last for so long)?  
Could I be wrong

Why does this only last for so long?  
Could I be wrong?  
Should I be asking myself while I'm high?  
Why does this only last for so long?  
Could I be wrong?  
Should I be asking myself while I'm high?
